## SCENIC NOTES:

Enjoy this old favorite ride, which originated back in the 1980 Centennial Celebration of the League of American Wheelmen. From URI, ride along Ministerial Rd (Rt 110) and then alongside historic Worden Pond. The short ride turns right and heads toward Kenyon's Grist Mill in Usquepaugh that still grinds the white "Jonnycake" corneal, using the original granite millstones quarried in Westerly, RI
