Narragansett Bay Wheelmen

NBW #057 Myles Standish

Wareham - Marion - Carver - Plymouth
23 & 50 Mile Rides

Splits:

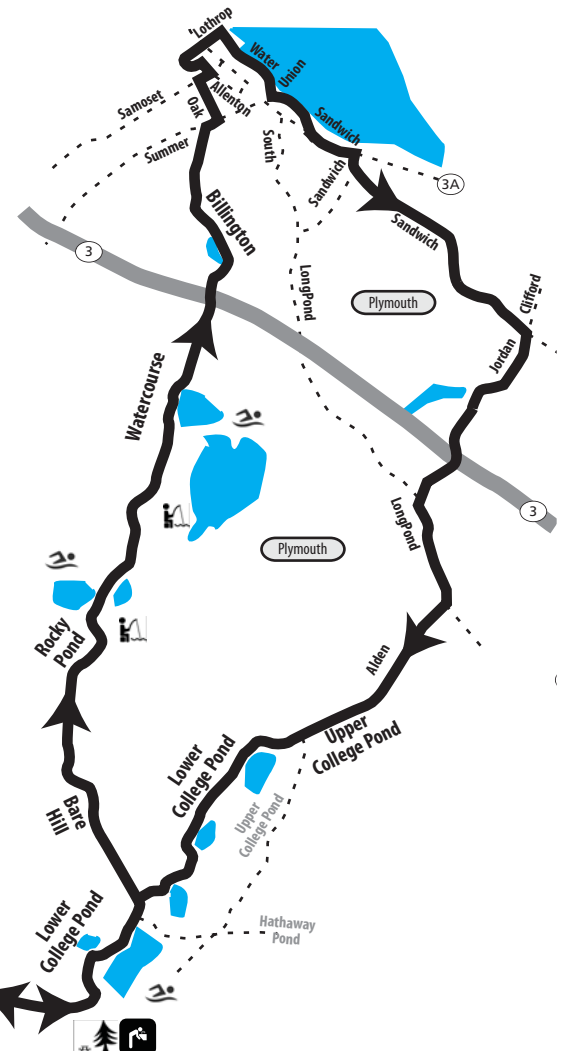

23 splits at 17.1 miles
turning right onto Federal
50 follow the thick black line

This easy ride heads South to the waterfront town of Marion on Buzzards Bay, before turing north through cranberry bog country to Myles Standish State Forest. The long ride goes through the forest to Plymouth and and the other shore. The 23 miler doesn't go through the forest, but it skims close by, and you can add a couple of mile if you want to detour and check out the pond.

This is one of our best rides for a swim in the middle. Bring a suit or towel and swim in the fresh water kettle ponds of Myles Standish State Forest.

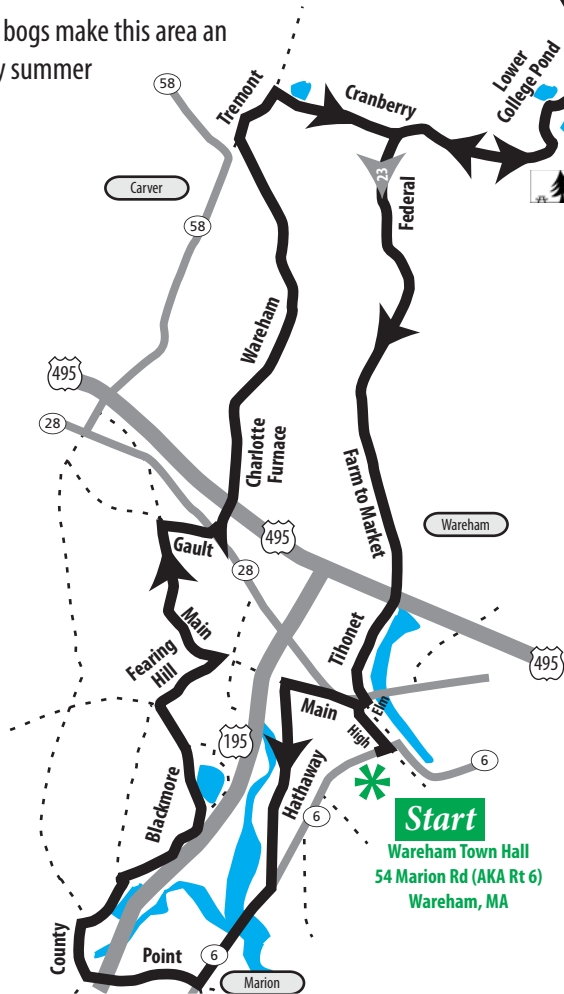

Water and bathrooms available at the ranger station as you enter the forest.

The fauna of the pine forest and cranberry bogs make this area an excellent place to find Ladyslippers in early summer
