Attleboro, North Attleboro, Wrentham, Franklin, Norfolk, Foxboro, Mansfield, Norton

Start:

La Salette Shrine 947 Park St. Attleboro, MA 02703 Park in overflow lot where Stone Kiosk is located

Ride Options Turn Right at Start:

The ride takes us from Attleboro to Foxboro and back through towns that we often ride but in opposite directions. Although the ride crosses busy Route 1 three times, all crossings are at traffic lights. The medium and long loops take a scenic journey through the back roads of Plainville and Cumberland. The long loop travels north through Wrentham, Franklin, Norfolk and Foxboro, just north of Gillette Stadium. As you cross Route 1 in Foxboro, look to the right and you can see the lights high above the Stadium. On the short ride, use caution when on Kelly Boulevard taking the left to the Fish Hatchery. On the medium loop, use caution when on South Street (Route 1A) in Wrentham.
